

## Get more listings and recruit more agents

Would you be interested in expert marketing help to book more appointments from your existing contacts or agent recruiting list?

We help you implement a video, email, direct mail, and social media 36-touch database marketing plan.

We provide:

1. Structure and Accountability
2. Coaching and training
3. Marketing and branding
4. Implementation Support
5. Leads (from your database)

You'll have a monthly strategy call to write your scripts/topics and review results. You build on what's working for similar clients.

We then interview you on [www.Riverside.fm](http://www.Riverside.fm) once a month to create 2 videos, which we then edit, optimize, and promote for you. We recommend simple Q&A tips or short customer/agent interviews.

**We need two hours a month of your time.**

Your assistant will call the leads we generate (and the people who watch your videos) to schedule phone appointments.

The price is \$1995 to build and \$625 a month for a year. See examples and specifics at [www.getvyrAl.com/pricing](http://www.getvyrAl.com/pricing).

Our top clients run one account for listings and a second account for agent attraction.

A sponsor may pay you 50% to participate. We offer a no strings attached 90-day money back guarantee our plan works.

You'll watch a 1/2-day new client orientation workshop to understand the specific action steps we both need to take if you hire us.

You are welcome to watch it now at [www.getviral.com/workshop](http://www.getviral.com/workshop) for \$38.

Video scripts, emails, landing pages, lead-generation campaigns, social media ads, letters, database appointment setting scripts, and training are on the client site.

We've helped 1,000+ of the top 1% agents over the past decade. See our case studies, interviews, examples and 5-Star Google Reviews at [www.getviral.com/reviews](http://www.getviral.com/reviews).

We'll buy you and a guest a nice dinner (\$75) if you leave us an honest 250+ word review.

Frank our CEO (me) offers a mastermind to work more closely with him that includes weekly meetings and 3 events a year in Nashville for an additional \$12,000 a year. The goal is to grow your GCI or profit/revenue share 20% in a year by going deeper on the craft of direct marketing for listings and agent attraction.

Request a free one-on-one strategy call at [www.getviral.com/consultation](http://www.getviral.com/consultation). No one here is paid on commission. You'll speak with a senior person who's helped clients.

We'll research your market and brokerage upfront to share a relevant success story from a successful peer you know during our initial meeting together. You'll get 3 references to call, too.

I've worked my entire career to build a great full-service 36-touch marketing service for you at a competitive price. I started it out of my own need for an excellent 36-touch at the start of my career that wasn't canned or computer automated.

I invite you to learn more and talk to our clients. Please tell us who referred you. They are not paid for referrals. Rather, we offer them free invites to 1/2 day Zoom masterminds and complimentary strategy review calls with me.

My email is [frank@getviral.com](mailto:frank@getviral.com) or call me at 402-256-5190.
